Z 300 ZAP platform ladder with foldable handrail

One ladder to rule them all: we developed the new ZAP platform ladder to meet the exacting demands of professionals. Wide treads and a large platform make it easier and safer to stand and work on, whilst the folding handrail offers a firm grip during use. So, get the ZAP platform ladder now and look forward to your next job.

Technical information

The ZAP platform ladder is **up to 20% lighter than other similar products on the market**, making it even more handy to carry and use. The foldable handrail can be set up or folded away in one single motion, allowing the ladder to be easily folded up flat.

The large platform measuring 400 x 400 mm offers users a comfortable and safe surface to stand on, so that they can turn and face the wall while working.
